The Treaty of Versailles will

be a peace treaty only in the sense that it will formally end the state of war between the United States and Germany, but it will really amount to a treaty of amity and commerce.

Germany has not been asked to reaffirm the Treats of Versailles or to grant again to the United States specifically all the rights which she gave America under the Versaillee

Treaty. The United States basn't asked the Dr. Kinmonth's \$310,000 Will Pulled Firing Pin of Old A. E. Allied Powers to sign a new treaty. All the foregoing statements represent development, in the most complex legal controversy that has ever faced our Government, and if they to contradict expectations of se past they must be taken as the Viola Remsen Humphries, who lives was instantly killed to-day in the atest turn in a negotiation which at No. 208 Tuttle Avenue, Spring back yard of his home at No. 129 as required our officials to turn rom one expedient to another to bu

The United States Government doesn't ask Germany to reaffirm anything and doesn't ask the Allies to concede anything. The programme of the Harding Administration is based upon the broad assumption that when Germany bestowed all her rights and properties upon her conquerors she made an "indivisible grant." That grant was made to the Principal Allied and Associated Powers:" The United States was one of "the Associated Powers."

NAPLES, Aug. 4 (Associated Press).-Patrician and plebeian Naples gathered to-day at the basilica of the Church of San Francisco di Paola to witness the funeral of Enrico Caruso. The edifice, situated in the southern part of the city, near the hotel where the great singer breathed his last, was decided upon as the last scene in the drama of the tenor's life late yesterday, after King Victor Emmanuel had given permission that it might be used for this purpose.

As soon as word reached Naples that the bascilica had been set apart for the funeral, workmen constructed a great platform to accommodate the 400 singers selected to assist in the last requiem. In the centre of the basilica was erected a large catafalque on which the coffin was laid. · Representatives of the King and the
